Reviews

Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Annette Boyle)

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 84 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1908 Excerpt: . . . At that time Great Britain possessed 1,000 steamers. It is interesting to note that the early forebodings of those who claimed that steam navigation was impossible and contrary to Providence had the result of preventing any passengers from trying the ocean voyage on the Savannah, which left port entirely empty, notwithstanding its beautifully appointed cabins. This vessel took its wheels on deck and during the greater part of the trip made use of sails only, so that it can hardly be numbered among ocean steamers. By the time that the Sirius and the Great Western made their memorable race across the Atlantic this early timidity of steam navigation had disappeared and the greatest expectations were set on the future of trans-Atlantic shipping, although the most daring dreamer failed to imagine what has actually been accomplished in the sixty years that have since elapsed. After these trips, which fully accustomed the public mind to trans-Atlantic navigation by steam, the number of steamships increased American Brain Workers have for some years past been largely using an especially prepared food for rebuilding the gray matter of the brain and nerve centres. Any man or woman who cares to make a treat by using this food, GRAPE-NUTS, for a portion of one or two meals each day, will find a distinct increase in vigor and particularly brain power. ORAPENUTS is fully cooked, and in the manufacture it passes through mechanical processes parallel to the process through which the food...
