I purchased this book for my niece as a birthday story to enjoy. It serves more than just a simple tale for little ones to celebrate their special day. The text is simple and easy for beginning readers. The story is cleverly intertwined with basic concepts of opposites and a valuable lesson of sharing. I appreciate the single image concept that attracts the reader to the words. A must read for the birthday boy or girl! From Terry Whitehead: Perfect Birthday Story For Children and Parents Zoe s Birthday Blast was a delightful story for my little one. It covered two areas and wove them into a wonderful little moral lesson on love and unselfishness. This is a wonderful way to take time with your child to share the real meaning of celebrating birthdays. Best of all, the suggestions for a Zoe party took me by surprise. The lessons the book discusses now can be put into action. Perfect gift for any little one or their parents. Pick this up today! From Thomas Belton: Birthday Party Helper From An Unexpected Story I purchased this book thinking it would be a great little bedtime birthday gift for my daughter. I was really impressed with the idea of party suggestions that the author makes to make the meaning of the book come alive. The story is simple, short, but packs a punch. Highly recommended. Welcome to Opposite Land - and the amazing world of Zoe! This birthday celebration book is perfect for the Pre-K to 2nd grade child. Early readers will enjoy...
