THE LAND OF ATLAS : AN ARCHEO S ADVENTURE (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.It s Fall Quarter at the university again, and the Archeo s, seniors now, are thoroughly enjoying their classes. The class they are really into is their archeology class. Dr. Jack Crawford, their professor, is a master story teller and has just told how the gods of Atlantis were described as having descended from the heavens. Atlantis is the fabled continent Plato wrote about. It disappeared thousands of years ago but not before invaders found wealth, and beauty, in Atlantis that to this day defy belief. The mention of gods descending from the heavens really grabs the attention of the Sam, Yoder and Mike. They have recently returned from finding the City of Z, where extra-terrestrials from Planet X, had created seminal beings, and a world of unbelievable beauty around them. Could the same kind of thing be going on with Atlantis? When their grandfather, Dr. James Michaels told them his good friend, Jack Crawford wanted him, and his grandsons, to go on an expedition with him to find Atlantis. They jumped at the chance. Lurking in background though was Scarpio, and The Scepter. They hadn t seen or heard anything about either of them since Scarpio escaped prison, and The Scepter was missing from the Black Museum. What was even more disturbing was the fact that Black Eddy, and his gang, had escaped from the mental wards of the prisons they were in. The evil sorceress Mordreda was behind all this, and that possibly spelled more danger than the Archeo s could handle.
