Americas historical legacy is disappearing. Revisionism infected college instruction and the by-product has been over 40 years of undermining the roots of our nation and glossing over the significance and miracle of our beginning. Sadly, most young Americans are unaware of what the Fourth of July celebrates, much less have any fundamental understanding of our Founding Documents. Our form of government, a republic, demands an educated citizenry; the very survival of our nation depends on it. This book begins with coverage of why Christianity split from Judaism, then continues with the Apostle Paul introducing the Faith into Europe. The story of America is presented in cause and effect relationship as Gutenbergs invention mass produces the Bible, Luther starts the Protestant movement, the King of England forms his own church, Puritans object to the infiltration of secularism, and the new land called America offers an economic opportunity for rich and poor alike, as well as a haven for Christians seeking freedom of worship. Colonists once fiercely proud to be part of the British Empire object to the loss of rights granted to every Englishman, and tensions build over a twelve year time span until the eventual consequence comes to fruition - the American Revolution. Thomas Jefferson is given the task of crafting a letter to the British, as well as to the People of America, explaining the reasons for separation in the Declaration of Independence - which this book explains in detail. From 1775 until 1781, a ragtag band of men eventually become the Continental Army under the leadership of George Washington but face superior troops who have the financial backing, provision, and training of what was then considered...
