Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The U.S. Postal Service (USPS) faces major financial, operational, and human capital challenges that call for a transformation if USPS is to remain viable in the 21st century. Given these challenges, the President established a commission to examine the state of USPS and submit a report by July 31, 2003, with a proposed vision for USPS and recommendations to ensure the viability of postal services. The presidential commission has addressed worksharing (activities that mailers perform to obtain lower postage rates) in the course of its work. About three-quarters of domestic mail volume is workshared. Worksharing is fundamental to USPS operations, but is not well understood by a general audience. To help Congress and others better understand worksharing, GAO was asked to provide information on the key activities and the rationale for worksharing and the legal basis for worksharing rates. GAO discusses USPS s and the Postal Rate Commission s rationale for worksharing but did not assess the benefits that they claimed for worksharing. GAO will issue a second report later this year on worksharing issues raised by stakeholders....
