GREEN DIESELS - THE 40 AND 41 CLASSES

Eveleigh Press, Matraville, NSW Australia, 1997. Laminated Pictorial Boards. Book Condition: New. No Jacket. First Edition. 184 pages profusely illustrated colour b/w photos - The New South Wales 40 class were one of the first mainline diesel electric locomotives to be built for New South Wales. Built by the Montreal Locomotive Works of Montreal, Quebec, Canada, they were based on the ALCO RSC-3 design. There were subtle deviations from the standard RSC-3 built by the American Locomotive Company. These included a...

Reviews

A must buy book if you need to adding benefit. It really is writter in easy terms instead of difficult to understand. I found out this ebook from my dad and i advised this publication to find out.

-- **Prof. Elton Gibson I**

It in a single of the best pdf. Better then never, though i am quite late in start reading this one. I realized this ebook from my dad and i encouraged this publication to understand.

-- **Major Thompson**

Most of these book is the perfect pdf readily available. It normally will not expense a lot of. I found out this pdf from my dad and i recommended this publication to find out.
