

S

By Michelle Furie

Handspring Publishing Limited. Paperback. Book Condition: new. BRAND NEW, S, Michelle Furie, The intention for this book is to outline a framework of clinical yoga therapy practice that addresses the whole child, rather than solely their symptoms. As such, collections of behaviors and clinical symptoms that have tended to co-occur in children will be addressed. The book will explore at least five developmental stages in the growth of children and adolescents, and general guidelines of how to adapt yoga practices for children of different ages and stages. Individuals of any age who suffer from chronic pain deal with a mind-body crisis on a regular basis. The book will explore the all-consuming effects of chronic pain and how children at different ages can learn to cope with it. Yoga for mood regulation in general will be covered and as well as how to differentially apply yoga techniques when the child/teen is experiencing primarily depressive or anxious symptomatology, or eating disorders. Yoga practices for trauma will be covered by age group, since the experience of trauma is radically different from one age to the next. Sensory integration and developmental disabilities will be addressed and illustrations will be used to assist the clinician in...

Reviews

This composed book is wonderful. It is amongst the most awesome book i actually have read through. You will like the way the author create this publication.

-- Miss Fanny Osinski V

I just started off reading this article pdf. It is probably the most remarkable ebook we have go through. It is extremely difficult to leave it before concluding, once you begin to read the book.
